## GOLF TOURNAMENT.

### Amherst Wins at Springfield.

(Special to THE TECH.)

The first round in the New England Intercollegiate Tournament took place Wednesday afternoon at the Springfield Country Club Golf Course, and resulted in victories for M. I. T. and Amherst over Williams and Brown respectively. Both matches were well contested, M. I. T. winning 8-5, and Amherst 9½-5½.

The most closely contested matches were played between Pfeil and A. Mitchell of Williams, and Krag and Gregory of Williams, in which Pfeil was outpointed 2-1, while Krag won by a reversal of the same score. Williams, however, could not overcome the lead scored by Gilmer who blanked Clapp.

The summary:

M. I. T.	WILLIAMS.	
T. M. Gilmer	E. A. Clapp	0
W. G. Pfeil	A. Mitchell	0
O. W. Potter, Jr.	L. Mitchell	2
F. S. Krag (Capt.)	A. Gregory	1
E. F. Rockwood	G. Lynde	2
Totals	8	5

Thursday's matches resulted as follows. Dartmouth won from Tech, 8 to 6; Amherst won from Dartmouth, 8 to 4. This makes Amherst the winner of the tournament, since its team defeated Brown on Wednesday.

### Architectural Society Smoker.

The first Smoke Talk of the Architectural Society, was held last night, at the Union. About seventy-five men were present. The speaker of the evening was Mr. J. Randolph Coolidge, Architect, who took for his topic, "Some Things One Learns Outside of the Schools."

### Christmas and Thanksgiving Holidays.

The exercises of the school will be suspended on Thanksgiving Day, November 24, only, and not on the succeeding Friday and Saturday. The Christmas recess will be during the week of December 25 to 31.

### 1906 Elections.

Ballots may be obtained at the Cage from 12.30 to 1.30 today, and must be returned by 1 p.m., to-morrow.

## 1908-6, MEDFORD HIGH 0.

### Freshmen Defeat Medford High, After Hard Playing by Both Sides.

After twenty-five minutes of hard playing the Freshman Football team managed to defeat the Medford High School team at Combination Park, Medford, Wednesday afternoon, each team succeeding in making a touchdown and in kicking a goal. The Medford boys played the superior game, but at times lacked power. For the Freshman team, Glover, Barnes, Heilman, and Smith played the best game. Neill, Perrin, Zwicker, and Mather excelled for the Medford team.

The line up:

TECH 1908.		MEDFORD HIGH.
Smith	r.e.	Wood
Glover	r.t.	Neill
Allen, N.	r.g.	Cushman
Regnell	c.	Boynton
Allen	i.g.	Comstock
Rappellyr	i.t.	McGillieuddy
Heilman	i.e.	Saulsman
Given	f.b.	Perrin
Barnes	r.h.b.	Mather
Boylston	i.h.b.	Zwicker
Gerould	f.b.	Bentley

Referee, St. Dennis; Umpire, Newhall; Linesmen, Barret and Cox. Time, fifteen and ten-minute halves. Touchdowns, Glover. Goals from touchdowns, Heilman.

### 1907 vs. Newton High.

The 1907 football team will play its second game this afternoon at three o'clock with Newton High School, at Newton Centre. During the past week Coach Sugden has been trying to put life into the team, but notwithstanding this, the play is very slow. Competition for positions is not lively, and the team as a whole is listless and lacks team work. Several of 1907's best men are out of the game on account of injuries. Newton High has had a rather successful season so far, but they also have lost some good men through injuries and illness.

The probable line up of the two teams will be as follows:

1907.		N. H. S.
Chapman	r.e.	H. Ely
Frank	r.t.	E. Kenway
McLeod	r.g.	H. Caldwell
Middleton	c.	Fisher
Parlin	i.g.	Sommers
Pope	i.t.	Schofield
Elder	i.e.	Bowen
Godfrey	q.b.	Fearing
Lamont	r.h.b.	F. Ely
Tetlow	i.h.b.	Porter
Fuller	f.b.	F. Johnson

### Sophomore Class Meeting.

A very important meeting of the Sophomore Class, will be held to-day, at 1 o'clock sharp, in Huntington Hall. It is very necessary that every man in the Class of 1907, shall be present.

## DISTINGUISHED VISITORS

### Study Our Methods

The Institute was recently honored by the presence of several distinguished visitors.

The first was Sir William H. White, President of the British Institute of Civil Engineers, chief constructor for the British Navy, and Consulting Engineer of the British Admiralty. As the various technical schools of Great Britain have different standards for entrance, Sir Wm. White is studying American standards, with the purpose of getting a definite standard for the British schools.

He was well pleased with the Naval Architectural Department, which was shown to him by Professor Peabody, because of its well-equipped and convenient rooms. Captain Hovgaard, Instructor in this Department, at one time studied under Sir William. Mr. Harrison Smith showed him the Electrical Engineering Laboratory, explaining the method of instruction, and Professor Lanza took him through the Mechanical Engineering Laboratories. He seemed to be very much pleased with both.

Sir Wm. White was accompanied by United States Naval Instructor Taylor.

Three delegates sent by the Prussian Government, Professor Götte of Charlottenburg; the principal of the Mechanical Engineering School at Stettin, and the director of the school at Schmalkalden.

### Mrs. Richards Leaves to Attend a Meeting in St. Louis.

Mrs. Ellen H. Richards leaves Boston for St. Louis, on Saturday, October 22, to attend the annual convention of the Collegiate Alumnae Association to be held November 2 to 5.

She will speak at the universities of Illinois, Kansas and Missouri, and at Cincinnati on sanitary and economic matters before her return November 9.

The sanitary exhibit under the auspices of the association has received a grand prize, and Mrs. Richards has been awarded a gold medal for its installation.

## TRACK TEAM.

### Preliminary Work Good.

The support of the track team during the past week has been unusually good, the number of men out on some occasions being as many as one hundred. While this is very encouraging, it should in no way make the men who have not come out believe that their support is not desired or needed. Everyone who is anyway interested in track athletics should come out immediately.

The fall handicap meet is held a week from Saturday, and is opened to all the classes. This meet gives the men entered a chance to find out just what they can do, and is also used by the track team officials as a means to determine the material for the track team next spring.

Entries for the fall handicap will be open until Friday, October 28. The book for entries is on the bulletin in the gymnasium, and every man who intends to enter should see that his name is there immediately.

### Hare and Hounds.

There will be a Hare and Hounds Run, Saturday, October 22, at Hyde Park. There are excellent accommodations at the Hyde Park Y. M. C. A. Building for all men who wish to go. The men will be given the privileges of the shower baths which the Y. M. C. A. possesses. All students, whether members of the Cross Country Association or not, are invited to join these runs. Train will leave Back Bay station at 2.19 p.m. Round trip ticket will be 20 cents.

### Civil Engineering Society.

The next meeting of the Civil Engineering Society will be held on Friday afternoon, October 28, in Room 11, Eng. B. at 4.15 p.m. Mr. Cheney, the assistant city engineer of Boston, will address the Society on the subject of the New Charles River Bridge. It is hoped that all the members of the Society will be present, and all others who are interested in the new bridge are also cordially invited to attend.

### Musical Clubs.

There will be a rehearsal of the Banjo Club Friday, October 21, at 4 o'clock, in 33 Rogers.

## A Suggestion.

President Pritchett by his speeches and actions, at the Union and elsewhere, has favored and advocated debates among Tech men. He has done this in the belief that such debates develop a man along broad lines, and teach him to think while standing before an audience.

THE TECH suggests that an effective way to bring this about is to make the Technology Kommers, which are soon to be started again, political rallies. The State Committees, both Republican and Democratic, would gladly send speakers to these Kommers, and we might invite them to do so. One Saturday night we would hear Roosevelt and Republican principles praised and explained, another Saturday night Parker, the "gold telegram," and Philippine independence would hold our attention.

There is also the suggestion that the Civic Club might co-operate with the House Committee of the Union in this matter. The Civic Club is attempting to disseminate political knowledge among the students, and this seems to be an excellent opportunity. These political talks need not be entirely partisan; speakers could be invited to talk on Civil Service Reform, the Workings of City Governments, and the various similar topics which should interest college men.

## COLLEGE NOTES.

### Columbia School of Mines.

Columbia College is to have a new building for the School of Mines. Adolph Lewishon, president of the United Metal Selling Co., recently gave \$250,000 for the building. It will be placed on the Broadway side of the quadrangle.

This new building will enable the students at Columbia to study the practical side of mining. They will no longer be obliged to travel in the west to gain this phase of their course. A mine will be dug under the University campus and the students will take their turns at shaft sinking.

Yale's entering class numbers 668 this fall, as compared with 707 last year.

Wellesley has been honored with a chapter of Phi Beta Kappa.

The University of Michigan is to have a regular theatre on its campus, with a seating capacity of 900.

The enrollment at Dartmouth this fall is 860. The freshmen number 260, and over 200 were turned away, owing to lack of accommodations.

4,500 new seats have been added to the Yale football stands this summer, making their total capacity now 31,000.

Columbia received gifts amounting to \$1,783,138 last year, or over \$375 for each student in the university.

A QUARTERLY MAGAZINE  
DEVOTED TO THE  
INTERESTS OF THE  
MASSACHUSETTS INSTITUTE  
OF TECHNOLOGY

AND

Published by the Association of Class  
Secretaries

71 Newbury Street, Boston

The Review aims to develop closer  
relations among Institute men, and to  
stimulate their interest in the work of  
the College.

It is in no sense an engineering  
magazine, but deals broadly with the  
problems of Technological Education  
and the responsibilities of the profes-  
sional man.

**NOTICES.**

Secretaries and presidents of  
student organizations, and captains  
and managers of athletic teams,  
would expedite matters greatly by  
leaving their room schedules with  
Mr. Powers in the Registrar's office.

J. J. Donovan of the Class of 1906  
is starting a class in boxing, to be  
held at the gymnasium every after-  
noon, from 4.15 to 5.45. All students  
wishing to join the class will see him.

The co-eds at Northwestern have  
organized an ambulance corps to aid  
to those injured in football games.

Stetson Barnes has been elected  
permanent captain of the Freshmen  
Football team.

**COLLEGE REGALS.**

The special REGAL styles for College wear challenge the  
admiration of the entire student body. These REGALS are built on  
bold, strong lines, snappy and up to the minute, in strict keeping  
with the college man's idea of what a shoe should be.

REGALS are made in quarter sizes, 288 separate fittings in each  
style. Sold direct from tannery to consumer through 80 REGAL  
stores.
